OBLIGATIONS OF THE DIRECTORS

Under the Securities Industry (Take-Over) By-Laws, 2005 ("the Take-Over By-Laws") the Board is required to issue a Directors' Circular in response to any properly submitted take-over bid. In summary, the Board is required to:

- Provide either a recommendation to shareholders to accept or reject the take-over bid or a statement that they are unable to or will not make a recommendation;
- Give reasons for their recommendation or for not making a recommendation, as the case may be;
- Provide particulars of any expert share valuation made within twenty-four months preceding the date of the take-over bid;

Under Section 99 of the Companies Act, Chap. 81:01 ("the Companies Act") the duty of directors and officers is stated as follows:

The Company's other stakeholders, including staff, must also be considered. The Board must also consider whether the Offeror has the requisite funds to (i) pay the purchase price of the shares, and (ii) meet the capital adequacy requirements of the creditors of RML.

Fairness Opinion in relation to the 27 March 2017 Take-Over Offer Circular from Trinidad Cement Limited

Dear Sirs

Introduction

On 27 March 2017, Trinidad Cement Limited (“TCL” or “Offeror”), a subsidiary of CEMEX España, S.A. (“CEMEX”), made an offer and takeover bid to acquire all of the issued and outstanding shares of Readymix (West Indies) Limited (“RML”) not already held by TCL (the “Offer”). The Offeror seeks to acquire 2,268,000 to 3,468,023 RML ordinary shares, held by RML shareholders other than the Offeror, at a price of TT\$11.00 or US\$1.62 per ordinary share. TCL currently holds 8,531,977 RML ordinary shares representing a shareholding position of 71.1%. If successful, the Offer could result in TCL’s shareholding increasing to a minimum of 90.0%

Ernst & Young Services Limited (“EYSL”) has been engaged effective 30 March 2017 to provide a Fairness Opinion (the “Services”) to the Board of Directors of RML (“RML Board”) in relation to the Offer. The purpose of EYSL’s engagement is to express an opinion as to fairness or otherwise, of the Offer price of TT\$11.00 or US\$1.62 per ordinary share, from a financial point of view to the minority shareholders of RML.

The Offer is conditional in that TCL will not be bound to purchase any shares tendered if the Offer results in TCL (together with any of its affiliates) holding less than 90.0% interest and voting rights in RML. The Offer is subject to other terms and conditions as outlined in the Take-Over Offer Circular.

We understand that the Offer is based on a valuation of the RML shares conducted by PricewaterhouseCoopers Advisory Services Limited as of March 2017.

Assumptions and Limitations

EYSL has relied upon the completeness, accuracy and fair presentation of all of the financial and other information obtained by it from public sources, and from RML for purposes of developing this fairness opinion. This fairness opinion is conditional upon the completeness and accuracy of such information. Subject to the exercise of professional judgements and except as expressly described herein, we have not attempted to verify the completeness, accuracy or fair presentation of any of the information relied upon in developing this assessment of financial fairness. The attached Schedule of Limiting Conditions includes additional assumptions concerning the information reviewed.

Management of the RML Group has represented to us that the information they provided is true and correct in all material respects as of 28 February 2017 and from that date to the date of this fairness opinion there have been no changes in facts material to the fairness conclusion.

This fairness opinion is based upon securities markets, economic, business and financial conditions as of the valuation date of 28 February 2017.

This fairness opinion has been prepared for the specific purpose identified above and is not to be used in any other context without the express written consent of EYSL. This fairness opinion is developed as of a specific date on the basis of identifiable information and EYSL has not undertaken to update it to any other date. Should information relevant to the fairness conclusions become available to EYSL subsequent to the date of our fairness opinion, EYSL reserves the right, but will be under no obligation, to revise this fairness opinion.

In completing the fairness opinion EYSL has made assumptions with respect to economic, industry, and company performance and expectations that are matters over which EYSL has no control. Specifically, EYSL has accepted management's forecast of future performance of the RML Group as management's best estimate of the most probable course of action for the business.

Going concern business value and associated evaluations of transaction fairness are inherently and inescapably a matter of implicit or explicit perceptions of the potential future economic performance of the business under consideration and the environment in which that performance will take place. Recognizing that those perceptions are developed under conditions where neither contractual nor other bases exist to ensure that actual operating results will conform to the assumptions employed for valuation purposes, this analysis necessarily works with contingent and uncertain information and there is a corresponding degree of uncertainty in the resultant estimates of value. In some measure this uncertainty is recognized in the process of specifying the valuation results as a range. It must accordingly be recognized that EYSL does not warrant that the estimates employed in developing this fairness opinion represent commitments as to what the future performance of the businesses will be.

The fairness opinion is considered to be a reasonable evaluation on the basis of the information and assumptions upon which it is predicated and as of the time when it was developed. However, should significant deviations from these assumptions emerge in the future, the evaluation may cease to be representative.

EYSL believes that an evaluation of the fairness of the Offer from a financial point of view must be considered as a whole and that selecting portions of the analysis and report without considering the other factors and analyses may create a misleading view of the evaluation process.

EYSL has not been engaged to provide and has not provided an opinion: i) as to the fairness of the Offer for individual shareholders who may need advice from their own financial advisors in relation to their shareholdings in RML; ii) as to the fairness of the process underlying the Offer; iii) on the tax structure or attributes relating to the Offer; iv) on the investment or strategic merit of future operations.

This fairness opinion is not to be construed as a recommendation to any director or shareholder to accept or reject the proposed Offer. This fairness opinion does not provide assurance that the best possible price was or will be obtained for assets included in the Offer.
