

NOTICE

Annual Meeting 2019

Our Annual Meeting 2019 has been deferred pending the completion of our Audited Financial Statements for the fiscal year ended March 31, 2019.

As advised previously, the Audited Financial Statements have been delayed by the submission of the statements of one of our investee companies whose results will impact NEL's reporting. We apologise for any inconvenience caused and assure our stakeholders that all efforts are being made to host the Annual Meeting at the earliest possible time.
